Get back here, you skeezy
little bastard! I can't
remember my name, but
I know THAT'S MINE!

Catch me,
if you
can!

I am Amaru, protector of this land. You, starman,
have come unbeckoned. To retrieve your possession
and gain fair entry you must solve a riddle...

Three shadows dwell
where a man must pass.
A shadow of moon,
A shadow of the future,
And a shadow from the past...

Which will longest last?
Which is longest cast?
and which can vanish
in just a flash?

HMM?

I don't
think so,
DICK-
HEAD!

PRILLIP!!
